

# COMPANY PROFILE

# ABOUT COMPANY

Gearbulk Shipping (Pvt) Ltd. is a Shipping Agency in Pakistani Ports (Karachi, Port Qasim, Gadani and Gwadar). We started now but due to having a professional team we have an edge on the other companies. The Gearbulk Group is one of the few prestige organizations with the reach, expertise to support shipping operations on a local, regional scale, in Agency, Stevedoring, Logistics and related Equipment.

Gearbulk shipping services caters for all kinds of vessels, from container ships, bulk cargo carriers, Ro-Ro vessels and tankers to cruise liners and superyachts; and all cargo types from grains, cement, steel, minerals to crude, LPG and chemicals.

Gearbulk Shipping tailor-made solutions, keep you fully informed of your vessel's status prior to, during and after the port call while we promptly meet your needs and adapt to changing conditions. We are alongside and at your service in port or at sea, around the clock. We are here and ready to help you to achieve your business needs. Let's start a conversation today. We go beyond the standard ship agency services to benefit our customers. Whether you are managing/owning an entire fleet or only a single vessel, our services can be tailored as per your requirements and satisfaction.

Gearbulk Shipping Pvt. Ltd. is committed to meet the prevailing highest Standards with utmost honesty and professionalism. We endeavor to be at your services in Port/Sea always prior and after vessel call. We are here and ready to help you to achieve your Businesses goals.

# OUR SERVICES

We go beyond the standard ship agency services with an extensive range of services covering Shipping, Husbandry, Marine, Ship Spares, Logistics, Stevedoring, Underwater Hull Cleaning, and many more. Whether you're having a big fleet or a single vessel, our comprehensive services can be tailored to your needs. We would like to take this opportunity to present you our services in Pakistan. We have other in house services companies in our Group as well other than Gearbulk Shipping Pvt Ltd.

- Gearbulk Cargo Stevedores
- Logwin Logistic Company
- SIK Transport Company

From attending the vessels with utmost caution, Husbandry Services, Supply of Spares, Bunkers and Provisions at very competitive charges with minimum margins to Ship's Owners, Operators, Charterers and Management Companies Shipping has a very important factor in the new world order. Approximately 85% of the commodities traded in the world are transported by shipping at sea. As one of the innovative agency, Gearbulk Shipping (Pvt.) Ltd., is there in Pakistani Ports (Karachi, Port Qasim and Gwadar etc.) and all terminals such as SAPT, KICT, PICT to look after your cargo and your vessels interests during their port calls in Pakistan.

## **PNI:**

God forbid, if something goes wrong on board your ship, during her port call, i.e. Cargo damage, crew injury/death, contact damage, Collision or pollution, an efficient and speedy response is very critical from your vessel PNI. We always ensure that proper investigation is the main essence, as documentation, analysis by PNI of any claim to assess and to minimize the exposer as a result of the incident.

## **PROTECTING AGENCY:**

Gearbulk protecting agency services help owners and Operators/Charterers to supervise their vessel functions in monitoring port call operations.

**24/7**  
**SERVICES**

**(Every Day-Every Hour)**

# OUR EQUIPMENTS

## *Shovels*

These are used for bulk cargoes, such as Palm kernel Expeller (PKE), all types of Fertilizers, Pet Coke vessels, bulk Fertilizers, Clinker Export vessels, and Barite and Midscale loadings. Bulk Wheat (Import) and Fertilizers are used in side the holds of the vessel, whereas for Export cargoes these are used on the Berth for collecting cargo at one place.

## *Excavators*

These are used when the cargoes are hard and lumpy, to keep the cargo in free flow state, especially fertilizers etc.

## *Forklifts*

These are used for Break Bulk and General cargoes transportations at short distances. We own quite few forklifts of capacities of 10mt, 15mt and 25mt.

## *Dump Trucks*

It is used for transporting cargoes from shipside to the designated Stacking areas of the port.

## ***Neuro Unloader***

This new addition is used to discharge cargo of bulk Canola and Soybean with a capacity of 600mt/hour.

## ***Evacuators***

These are used to unload the bulk cargoes from the vessel" Above blue photos are of the evacuators.

## ***Bagging Plants***

We have State of the Art Bagging plants, which can give output up to 140mt per hour, Bulk cargo in bags, hence the cargo is secure, safe and easy to handle in bags.

## ***Orange Peel Grabs***

We got sufficient grabs in various capacities to discharge cargo from bulk carriers to hoppers and then to bagging plants or to the trucks under the hoppers.
